## Projects

Developer Portfolio	<a href="https://theavocadocoder.github.io">https://theavocadocoder.github.io</a>
<p>This portfolio website was created using HTML, Tailwind CSS, and JavaScript. The site features an avocado-themed design inspired by my GitHub username, 'theavocadocoder.' It includes a light and dark mode toggle, fully mobile-responsive design, and sections covering my projects, about me, and how to contact me.</p>	
Pixel Art Creation WebApp	<a href="https://theavocadocoder.github.io/pixelite">https://theavocadocoder.github.io/pixelite</a>
<p>Pixelite empowers digital artists to express their creativity through pixel art. Users can choose from a range of square canvas sizes, change their 'pen' color, and download their creations.</p>	
TicTacToe Game	<a href="https://theavocadocoder.github.io/odin_tic-tac-toe">https://theavocadocoder.github.io/odin_tic-tac-toe</a>
<p>This project is a simple implementation of the classic Tic Tac Toe game using HTML, CSS, and JavaScript.</p>
